

17.14.090: ADDITIONAL REQUIREMENTS:

When the planning commission or county council deem necessary, with the reasons for such request being identified, the applicant may be required to provide other information or letters of feasibility, conduct studies and provide evidence indicating suitability of the area for the proposed master plan, including, but not limited to, ground water protection, plant cover maintenance, geologic or flood hazard, erosion control, and any other physical or environmental matters necessary to fully identify the suitability of the area for the proposed master plan. (Ord. 2004-10, 8-10-2004)
